## NEW PATIENT FORM FOR FEMALE INFERTILITY

VINCENT BRANDEIS, M.D. 718-433-3833 Fax 315-928-1082 <a href="mailto:vbrandeis@aol.com">vbrandeis@aol.com</a> 46-01 Greenpoint Avenue, Sunnyside NY 11104

| PATIENT NAME:  | DATE OF BIRTH: PHONE NUMBER:   |    |
|--|--|----|
| ☐ MONITORING BLOODWORK                                       | ☐ CHROMOSOME ANALYSIS HIGH RESOLUTION BLOOD  |    |
| ☐ Estradiol ☐ LH ☐ FSH                                       | ☐ Cystic Fibrosis, Fragile X, SMA  |    |
| ☐ Progesterone ☐ HCG, Quantitative                           | ☐ FACTOR V (LEIDEN)MUTATION  |    |
| ☐ Prolactin ☐ TSH ☐ Free T4                                  | ☐ Hemoglobin A1C   |    |
| ☐ Anti-Mullerian Hormone                                     | ☐ Homocysteine Level   |    |
| ☐ Testosterone Free + Total                                  | ☐ Lupus Anticoagulant Screen   |    |
| ☐ Sex-Hormone Binding Globulin                               | ☐ Protein C Activity, Protein S Antigen, Free  |    |
| ☐ DHEA Sulfate ☐ Androstenedione ☐ Cortisol Random           | ☐ Tumor Necrosis Factor-Alpha, Highly Sensitive  |    |
| ☐ Hemoglobin A1C ☐ Insulin Fasting                           | ☐ IMMUNE DEF. PANEL w/ CBC   |    |
| $\square$ (9891-3) Comprehensive Thyroid-Expanded            | DIAGNOSES  |    |
| ☐ Comprehensive Metabolic Panel                              | (N96) Recurrent pregnancy loss   |    |
| ☐ Lipid Screen (Basic Lipid Profile)                         |  |    |
| ☐ CBC w/Diff, Platelet Count ☐ ESR (Sed-Rate)                | <u>ULTRASOUND STUDIES</u>  |    |
| ☐ (0139-0) PT-PTT / (0137-0) PT-INR                          | Lenox Hill Radiology   |    |
| ☐ (9893-9) Expanded Anemia Panel                             | Phone: (212) 772-3111  |    |
| ☐ Anti-Thyroglobulin Antibody                                |  |    |
| ☐ Anti-Microsomal Antibody (Thyroid Peroxidase) TPO          | ☐ Vaginal Ultrasound w/ Follicle Count   |    |
| ☐ Hydroxyprogesterone(17), Alpha Serum/Plasma                | ☐ Pelvic Combined (Vaginal & Transabdominal)   |    |
| DIAGNOSES  | ☐ Pelvic MRI   |    |
| (E28.9) Ovarian dysfunction, unspecified                     | ☐ Abdominal Ultrasound   |    |
| (Z00.00) Encounter for general adult medical                 | ☐ Hysterosonogram  |    |
| □ CNY REQUIRED BLOODWORK                                     | ☐ <b>Z01.419</b> Annual gyn ☐ <b>E28.9</b> Ovarian dysfunction ☐ <b>D25.9</b> Fibroid ☐ <b>R10.2</b> Pelvic pain ☐ <b>N94.6</b> Dysmenhorrhea ☐ <b>N80.9</b> Endometriosis |    |
